PROFESSIONAL SUMMARY

Entry-level technology professional and self-directed developer with hands-on experience building PowerShell modules, command-line utilities, and workflow automation. OpenJS Node.js Application Developer certified. Brings a strong customer-service background, team leadership experience, attention to detail, and a practical approach to learning and troubleshooting.

TECHNICAL SKILLS

Languages and scripting: PowerShell, JavaScript, Node.js, Python, Bash

Developer tools: Git, GitHub, VS Code, Scoop, command-line interfaces

Core skills: Automation, PowerShell modules, pipeline processing, shell completion, Markdown, JSON, YAML

SELECTED TECHNICAL PROJECTS

ScoopCompletions | PowerShell module

- Automates discovery and loading of PowerShell completion scripts installed with Scoop applications.
- Scans Scoop application directories for `_.ps1` files and dot-sources matching scripts into the current session.
- Packaged the functionality as a reusable module and documented its purpose and use in a public GitHub repository.

Format-ScoopInfo | PowerShell pipeline filter

- Transforms structured scoop info `-v` output into consistent Markdown entries containing package names, websites, and descriptions.
- Uses PowerShell pipeline patterns to create reusable, composable formatting for documentation and curated tool lists.

CERTIFICATION

OpenJS Node.js Application Developer (JSNAD) | OpenJS Foundation and The Linux Foundation

PROFESSIONAL EXPERIENCE

Fry Cook and Cashier | Charleys Philly Steaks, Gainesville, FL | Jan 2026 - Present

- Coordinate fast-paced food preparation and customer transactions while maintaining safety, accuracy, and service standards.

Barista and Sales Associate | Publix, Gainesville, FL | Mar 2022 - Dec 2023

- Built strong customer relationships and independently identified a software pricing error, escalating it to management for correction.

Shift Supervisor and Barista Trainer | Starbucks, Summit, NJ | Mar 2010 - Dec 2019

- Led shift operations, trained team members, balanced competing priorities, and maintained high standards for service and order accuracy.

Additional experience: Cook, McDonald's (2024-2025); Server, Holiday by Atria (2024); Songwriter, Musician and Performer, Slackjaw (2009-2017).

EDUCATION

Raritan Valley Community College | 2007 - 2008
